

Northern Illinois Food Bank DuPage County PRAN Map FY2017

% need met by FB

Measurement of % of Need Met

The PRAN maps represent the Proximity of Resources and Need in our 13 county service area by overlaying multiple pieces of data at a census tract level.

Inputs:

- The number of distributed meals by agency and program based on the agency/program address or site location
- The number of insecure individuals by census tract as determined by Feeding America's Map the Meal Gap study

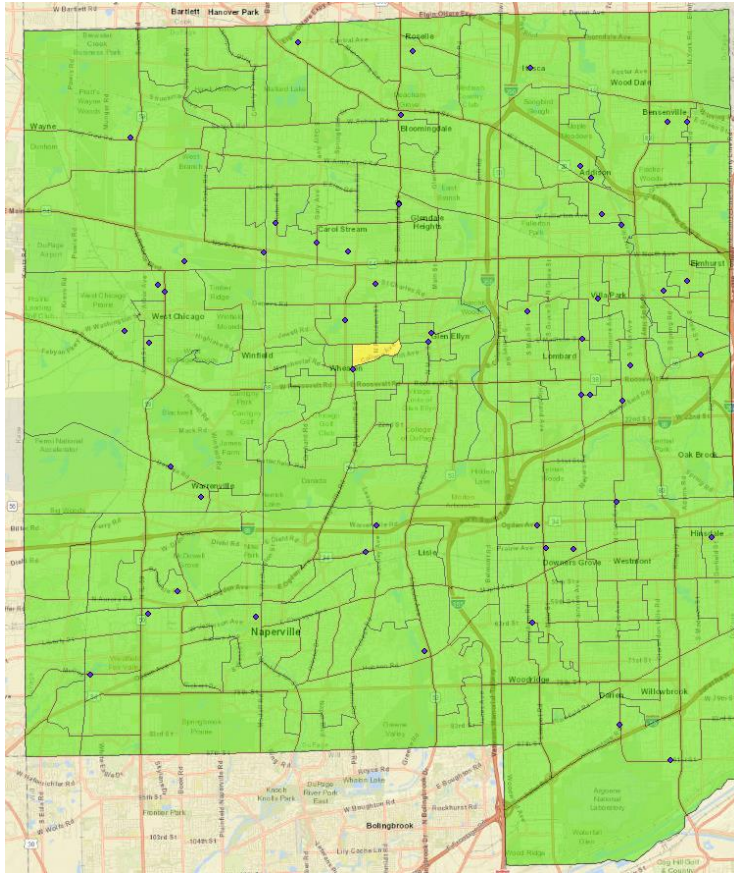

Assumptions:

- The level of access to our agency/program based on % of the population driving, walking, taking public transportation

Outputs:

- % meal gap met by census tract (green means the Food Bank is meeting at least 75% of need for food insecure individuals)
- Directionally correct
